

# Testing operations concluded for Hougang area

All residents of and visitors to Blocks 501, 506 and 507 Hougang Avenue 8, as well as staff of shops in seven neighbouring blocks, had to undergo mandatory Covid-19 testing over the past month. Residents of and visitors to the seven blocks were also encouraged to volunteer for free testing, which ended yesterday. Three people tested positive for the virus, out of the thousands tested during the exercise.
