

FOR IMMEDIATE RELEASE

UPDATE ON LOCAL COVID-19 SITUATION

As of 22 July 2021, 12pm, the Ministry of Health (MOH) has confirmed and verified that there are 162 cases of locally transmitted COVID-19 infection, of which 87 are linked to the Jurong Fishery Port cluster and 5 belong to the KTV cluster. Of the 162 cases today, 59 are linked to previous cases, and have already been placed on quarantine. 51 are linked to previous cases and were detected through surveillance. 52 are currently unlinked. Amongst the cases are 6 seniors above 70 years who are unvaccinated or partially vaccinated, and are at risk of serious illness.

2. There are 8 imported cases, who have already been placed on Stay-Home Notice (SHN) or isolated upon arrival in Singapore. 5 were detected upon arrival in Singapore, while 3 developed the illness during SHN or isolation.

3. In total, there are 170 new cases of COVID-19 infection in Singapore today. There are currently 7 cases of serious illness requiring oxygen supplementation, and 1 in critical condition in the intensive care unit (ICU).

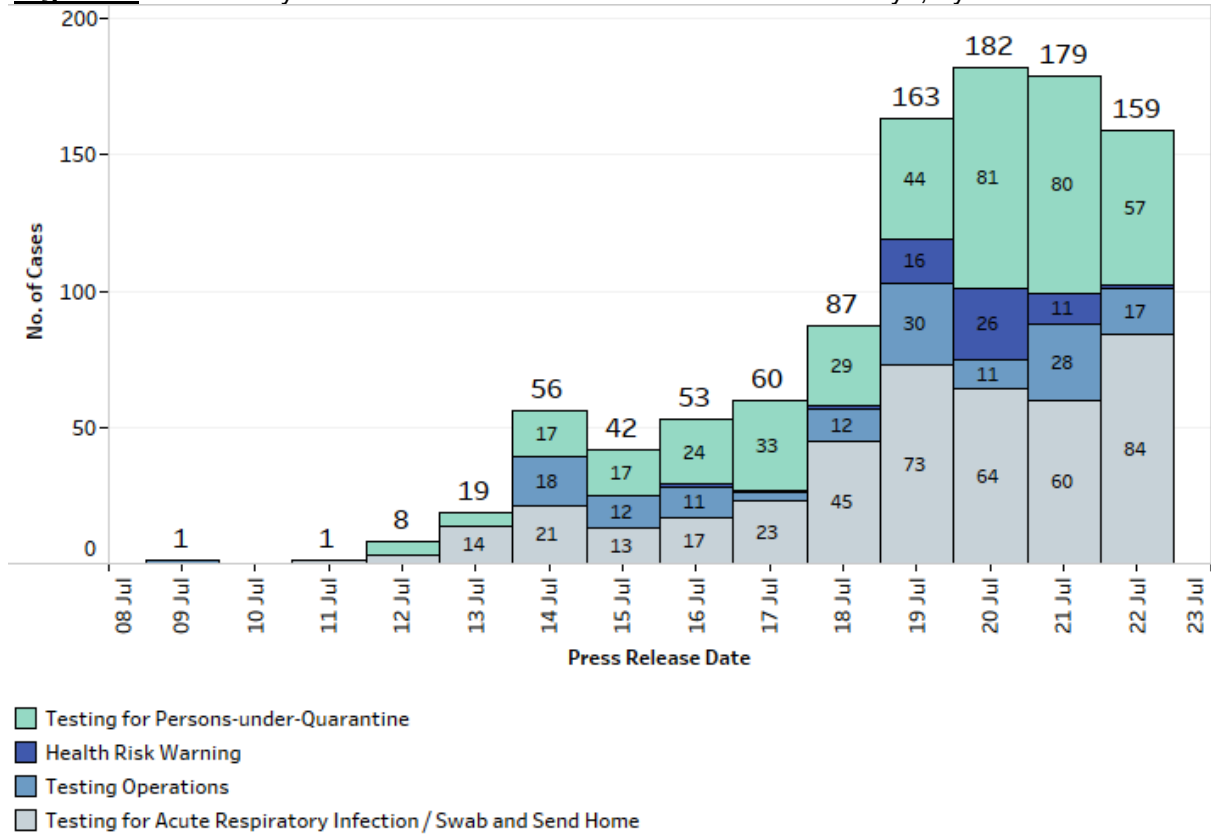

Figure 3: Local Cases in the Last 14 Days by Age Group and Vaccination Status

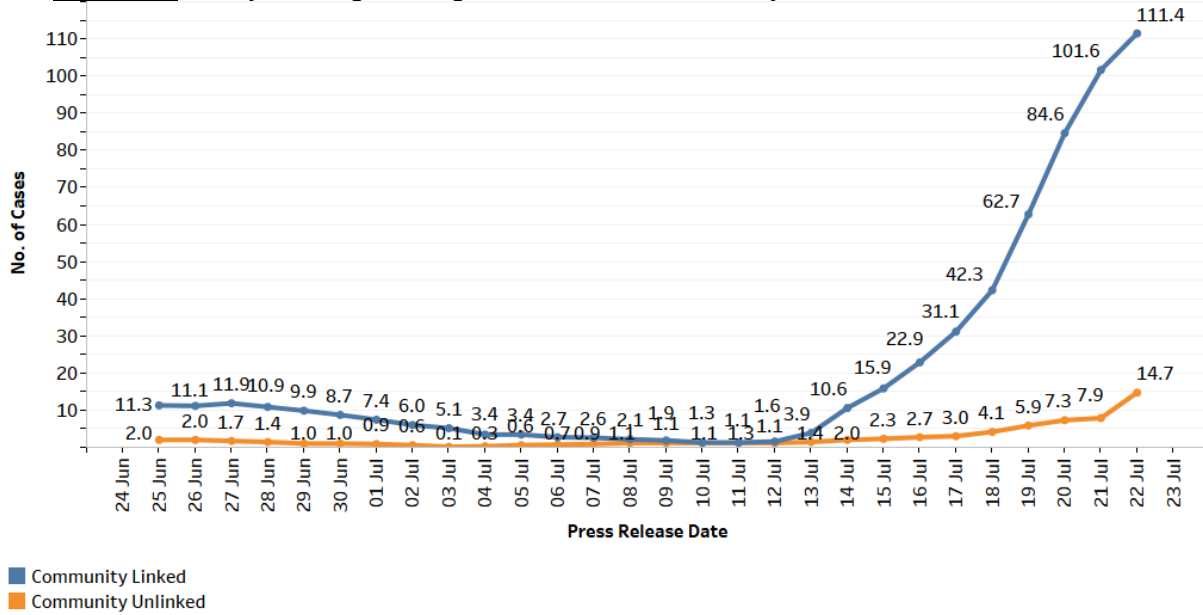

Summary of trends for local cases

4. Overall, the number of new cases in the community has increased from 127 cases in the week before to 883 cases in the past week. We are likely to continue to see high number of cases in the coming days as we step up efforts to detect them to contain their spread in the community. The number of unlinked cases in the community has also increased from 16 cases in the week before to 105 cases in the past

week. The 7-day moving average number of all linked community cases and all unlinked community cases are 111.4 and 14.7 respectively.

Summary of trends for imported cases

5. There are a total of 8 imported cases today. 5 were detected upon arrival in Singapore, while 3 developed the illness during SHN or isolation.

ION Orchard	0	5
Case 64184	0	14
Case 64374	0	3

* Please refer to Annex A for the affected markets and food centres.

Closure of Boon Lay Place Food Village

7. MOH is investigating cases of COVID-19 infection involving markets and food centres which are likely seeded by fishmongers who visited Jurong Fishery Port to collect their stock and sell at the markets and food centres. We have detected 7 cases amongst individuals who worked in or visited Boon Lay Place Food Village. To break the chain of transmission and enable deep cleaning of the premises, Boon Lay Place Food Village (221B Boon Lay Place) will be closed to all members of the public from 23 July to 6 August 2021.

Community surveillance testing for visitors to selected markets & food centres

8. To uncover any community infection cases, we will extend free COVID-19 testing to members of the public who had visited Boon Lay Place Food Village and Chong Pang Market & Food Centre between 8 July and 22 July. Please refer to <https://go.gov.sg/mkt-testing> for details on the testing operations.

Condition of confirmed cases

9. 415 cases are currently warded in hospital. Most are well and under observation. There are currently 7 cases of serious illness requiring oxygen supplementation, and 1 in critical condition in the intensive care unit (ICU). None amongst these 8 cases is fully vaccinated.

Figure 8: Number of Active Cases in ICU or Requiring Oxygen Supplementation

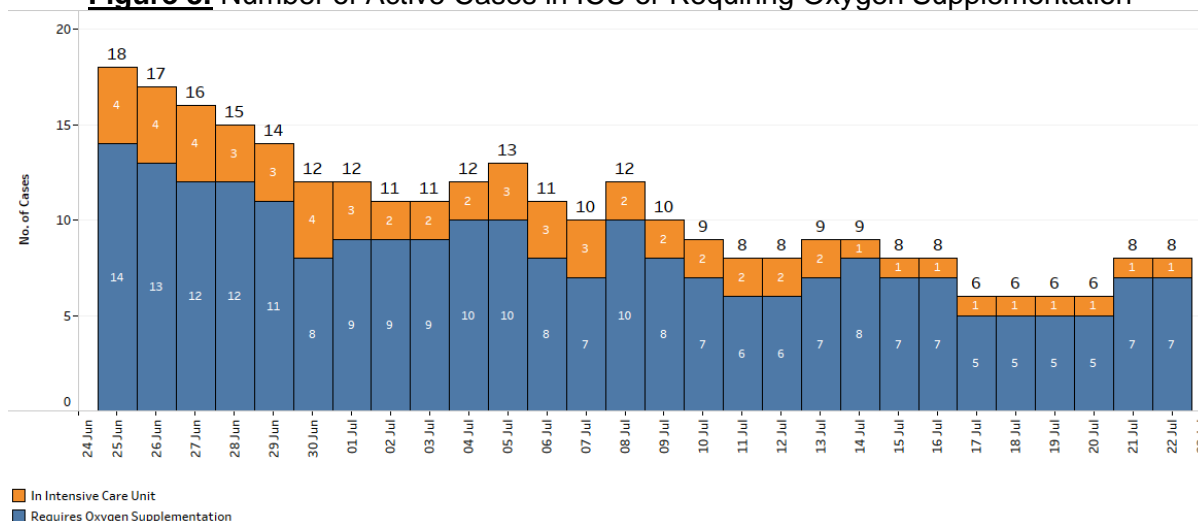

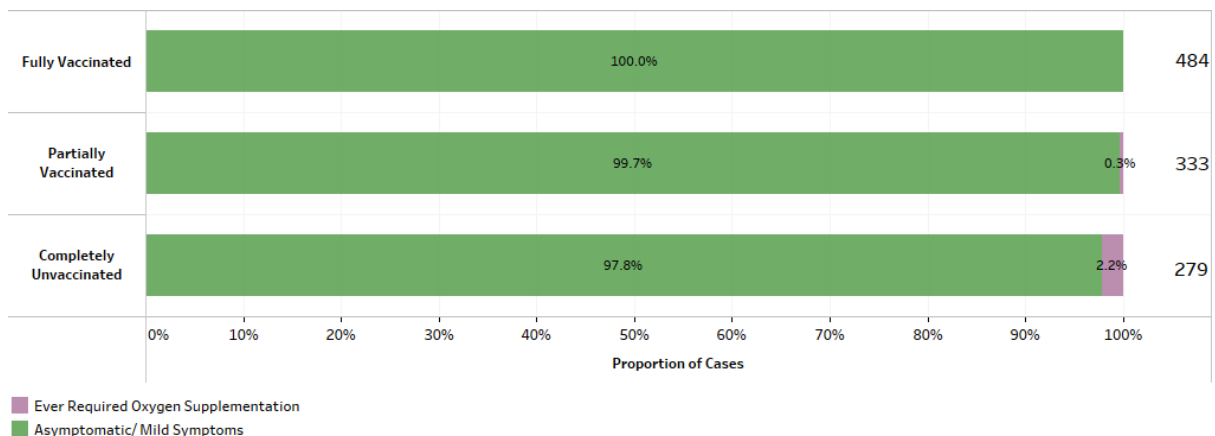

Figure 9: Deaths and Active Cases in ICU or Requiring Oxygen Supplementation, by Age Group

10. There is continuing evidence that vaccination helps to prevent serious disease when one gets infected. Over the last 28 days, 7 local cases required oxygen supplementation, were admitted to ICU or passed away. 6 are unvaccinated, 1 is partially vaccinated and none was fully vaccinated.

Figure 10: Local Cases in the Last 28 Days by Vaccination Status & Severity of Condition⁴

⁴ Fully vaccinated - more than 14 days after completing vaccination regimen (both doses of the vaccine or one dose for recovered individuals). Partially vaccinated – received 1 dose of 2-dose vaccine or COVID-positive within 14 days of completing vaccination regimen.

Figure 11: Deaths and Active Cases in ICU or Requiring Oxygen Supplementation, by Vaccination Status⁴

Progress of national vaccination programme

11. As of 21 July 2021, we have administered a total of 6,911,740 doses of COVID-19 vaccines under the national vaccination programme. The total number of doses administered was 6,911,740, covering 4,184,559 individuals. 2,847,397 individuals have completed the full vaccination regimen, consisting of 120,216 recovered persons who received at least one dose and 2,727,181 who received their second dose. In addition, 74,052 doses of Sinovac vaccines were administered as of 21 Jul 2021, covering 64,982 individuals.
